CONTRACT MANUFACTURER

VITAMINS, MINERALS AND HERBALS

We are a contract manufacturer and offer the whole range from the first idea to the finished product, whether as capsule, tablet or powder.

With many years of experience, qualified staff, modern and certified production processes and careful controls, we make sure that each product is made to the highest possible quality standard. Particularly when it comes to realising new ideas and developing or launching products, we are a competent, flexible and reliable partner.

During the product development phase, we work together with a food chemist. This allows us to advise you comprehensively with regard to food law.
